Manatee County, Florida:
Transforming Services for Persons with Mental Illness and Substance
Use Disorders in Contact with the Criminal Justice System

Objectives of the Sequential Intercept Mapping

The SIM is based on the Sequential Intercept Model developed by Patricia Griffin, Ph.D. and Mark Munetz, MD for the National GAINS Center for Behavioral Health and Justice Transformation funded by the

Manatee County Sequential Intercept Map Narrative

This narrative reflects information gathered during the two-day mapping and often verbatim from the participants or local experts. This narrative is a reference guide to navigate the Manatee County SIM map, especially with regard to acronyms used on the map.

Intercept 0—Community Services

Prevention Efforts

211 SunCoast Cares managed by Glasser Shoenberger Human Services Center

- x Serves Manatee, Desoto, and Sarasota Counties
- x Available 24-hours-a-day, 365-days-a-year online, by phone, and text

National Suicide Prevention Lifeline

- x You can reach the lifeline at 800-237-TALK. Press 1 for veterans.

MCR Health

- x Multi-site Federally Qualified Health Center (FOHC) serving Manatee, Desoto, and Sarasota

Mental Health First Aid (MHFA) facilitated by Centerstone

- x Centerstone facilitates free youth and adult MHFA trainings.
- x All community agencies and providers are welcome to attend the trainings.
- x As of August 2019, Centerstone has trained 458 individuals in MHFA.
- x Organizations trained in Manatee County include Bridge-A-Life, CAN Community Health, Centerstone, Family Resources, First Step, Healthy Start, HOPE Family Services, Imagine Lakewood Ranch School, Imagine North Manatee School, Manatee Community Action Committee, Manatee County Child Protective Services, Manatee County Guardian Ad Litem, Manatee County Health Department, Manatee County Rural Health, Manatee County School Board Nurses, Manatee County Sheriff's Office, New College of Florida students, Parenting Matters, Salvation Army, University of South Florida Sarasota Manatee students, and Whole Child Manatee.

Prevention Programs facilitated by Centerstone

- x Adult prevention programs include topic areas of substance use, life skills, anger management, HIV and AIDS, heroin, and parenting.

SAMHSA Screening, Brief Intervention, and Referral to Treatment (SBIRT) grant

- x The SBIRT grant was awarded to Centerstone and began on July 22, 2019.
- x The purpose of the grant is to implement SBIRT for adults and adolescents in primary care and community health settings to promote early identification and treatment of substance use disorders.

Mobile Crisis Teams operated by Centerstone (Intercepts 0 and 1)

- x Mobile Crisis Teams serve Manatee County youth and adults of all ages and are on call 24 hours a day, seven days a week.
- x Teams are comprised of master's level licensed mental health professionals and bachelor's level case managers.
- x The Mobile Crisis Teams offers services and support to schools, child welfare personnel, and law enforcement officers. Due to a lack of funding, the Mobile Crisis Teams are not operating according to the evidence-based model.

Local Opioid Overdose Prevention and Response (LOOPR)

- x Awarded to the Florida Department of Health in Manatee County by Centers for Disease Control and Prevention (CDC) and National Association of County and City Health Officials (NACCHO)
- x CDC and NACCHO have partnered with the Florida Department of Health in Manatee County to increase capacity to respond effectively to the opioid epidemic by working with partners to implement evidence-based strategies at the local level. Through July 31, 2019, with funding and technical assistance from NACCHO, the

Intercept 1—Law Enforcement & Emergency Services

Emergency Serv

- o Involuntary examinations are also conducted at the following Baker Act receiving facilities:
 - f Centerstone (private psychiatric hospital)
 - f Suncoast Behavioral Health Center (private psychiatric hospital)
- o If an individual meets the criteria for an involuntary Baker Act examination and has committed a felony offense or a domestic related offense the person is transported to the Manatee County Jail.
- o If an individual has committed an offense, but does not meet Baker Act criteria, the person is transported to the Manatee County Jail.
- x Law enforcement provides the majority of Baker Act transports in Manatee County.
 - o Law enforcement transports all individuals in handcuffs.
- x

Strengths

- x The Manatee County Transportation Plan (Senate Bill 12) is undergoing revisions to become more comprehensive and will include a section on jail diversion.

Opportunities for Improvement

- x Manatee County Sheriff's Office does not collect CIT diversion data (incidents of de-escalation and/or diversion).
- x There is not a plan in place for all law enforcement officers to be CIT-trained.
- x There is a need for a dedicated co-responder team (comprised of law enforcement and behavioral health providers) to keep individuals with mental health problems out of the jail.
- x There is a need to expand mobile crisis services in order to operate according to the evidence-based model. At the time of the mapping, mobile crisis teams were only partially funded.
 - o There is federal grant funding available for mobile crisis models.
- x Manatee County is underfunded in prevention and community-based care and therefore relies on acute care services.

Intercept 3—Jails & Courts

Manatee County Jail

(Intercept 2 presents the jail booking and intake information)

- x The average daily population at the time of the mapping was 1050 inmates.
 - o The Manatee County Jail has a capacity to house 1100 inmates.
- x The average length of stay for an inmate is approximately 24 days.
- x At the time of the mapping, an estimated 10 percent of inmates were on psychotropic medications.

In-Jail Medical Services

- x Manatee County contracts with NaphCare to provide jail medical services. The contract has been in place since January 2019.
- x The NaphCare Mental Health Team is comprised of a licensed mental health counselor, psychiatrist, and psychiatric nurse practitioner.
 - o The psychiatrist is present at the jail 4 hours a week.
 - o The nurse practitioner is present at the jail 40 hours a week.
- x The psychiatric nurse practitioner manages all inmates who are taking medications.
- x The NaphCare medication formulary is different from the formulary used by community providers.

Medical Unit

- x 50-bed unit for medical stabilization and detoxification.
- x Detoxification screening tools are utilized to determine the level of care needed.
- x NaphCare staff determine what medications an inmate was taking before jail and try to place them on the same medications.

Recovery Pod

- x The Recovery Pod has been operating for three years and there is always a waitlist.
- x The pod is a voluntary program for individuals who self-report substance use problems and co-occurring disorders.

x The average length of stay for an inmate is approximately 24 days.

ProblemsolvingCourts

Drug Court

- x There are three tracks in the Drug Court: Mental Health, Veterans, and Drug Use, with high intensity options for each track.
 - o Each track has a separate docket on the same day.
- x The Drug Court has a total of 217 participants at the time of the mapping.
 - o Healthcare (mental health) track: 30 participants at the time of the mapping
 - f* Began accepting clients in February 2019
 - f* Serves low-risk clients that are medication compliant
 - f* Master's level counselor with trauma experience
 - f*

Intercept 4—Reentry

Jail Reentry/Discharge Planning

Manatee County Jail Discharge

- x The Manatee County Jail discharge planner obtains referrals for services for inmates before they are discharged.
- x The discharge planner also facilitates phone calls regarding housing, if they do not have a place to live upon release.
- x Individuals with mental health problems are released with a seven day prescription at discharge and an appointment is scheduled at Centerstone.
- x Centerstone will schedule outpatient appointments prior to release.

ManateeCounty Priority Areas

Based on the SIM discussion, the participants developed a list of five priorities that will become the focus of the action plan.

Priorities

1. Jail Diversion
2. Leadership and Planning
3. Specialty Courts and Programs
4. Jail Reentry
5. Community Recovery-Oriented Services and Supports

ManateeCounty Action Plan

Action Planning Process

The stakeholders were enthusiastic participants in the development of a strategic action plan. The action planning process promotes the development of specific objectives and action steps related to each of the priority areas. The plan specifies the individuals responsible for implementation of each action step and a reasonable timeframe for completion of identified tasks.

The Action Plan is presented on the following pages (one priority described on each page).

Priority Area1: Jail Diversion

Objective

Action Step

Priority Area2: Leadership and Planning

Objective

Priority Area3: Specialty Courts/Programs

Objective	Action Step	Who	When
3.1 Develop a Mental Health Court/Comprehensive Treatment Court (CTC) (including co-occurring mental health and substance use disorders)	x To examine the Ten Essentials of Mental Health Courts x		

Priority Area5: Community Recovery Oriented Services and Supports

Objective	Action Step	Who	When
-----------	-------------	-----	------

5.1

Priority Area 5 Community Recovery-Oriented Services and Supports

Objective	Action Step	Who	When
5.3	Examine recovery-oriented community-based clubhouse/ICCD models	<ul style="list-style-type: none"> x To visit existing Florida clubhouses (Vincent House, Vincent Academy, Hope House, Mental Health Community Centers) x Patricia Ries x Turning Points x Kathy Goeller (Goodwill Manasota) KaKaMaMar7w -4T8 02h 	March 2020

Recommendations

The two-day Sequential Intercept Mapping was an excellent example of community collaboration and a focused approach to addressing the needs of this target population. To that end, as discussed and observed during the SIM, the USF CJMHSA TAC recommend the following actions:

1. Identify leadership to champion continued planning for the target population and implement the SIM Action Plan.
2. Develop an evidence-based transition planning team for individuals with mental health, substance use, and/or co-occurring disorders leaving the Manatee County Jail.
3. Explore the feasibility of expanding CIT training over the next year to more Manatee County Sheriff's Office deputies, municipal law enforcement officers, and 911 dispatchers.
4. Establish a Permanent Supportive Housing Committee for individuals with serious mental illness.
5. Explore implementation of Co-Responder Models, CIT Teams, and respite stabilization models.
6. Expand problem-solving court capacity and community-based alternatives for treatment and support to divert the SAMH target population.
