Sudeep Sarkar Named Chairperson of the Department of Computer Science and Engineering

College of Engineeringean Robert H. Bishop has named. SudeepSarkaras Chaipersonof the Department of Computer Science and Engineeringeffective with the 2017 springsemester in the department since 1993, as a USFR esearch Faculty

Fellowand then as USFAssociate/icePresident for Researchand Innovations ince 2009. I would like to thank Dr. RafaelPerezand Dr. KenChristensenwho each served as interim chair during the world in AAASFellows. He

alsoled the development of the NSF grant for a USH-CorpsSitewhich has brought national and international recognition to USF, which currently ranks third in the United States with 21 NSH-CorpsTeams trained at the national level. Most recently, he served as co-chair of the Researb Strategic Planning Committee that ultimately engage 550 faculty, staff and community members. As Chair, Dr. Sarkawill continue his work as co-Plon the NSH-Corps grant.

Dr. Sarkarhasan outstandingrecord of scholarlyresearchin computervision and pattern recognitional gorithms and systems. Hereceived an NSFCAREER wardin 1995. He received his MS and PhD from The Ohio State University and a BT in electrical engineering from the Indian Institute of Technology He has numerous awards for teaching excellence, including the USF Teaching Incentive Program Award for the day of a control of the Country of the Outstanding Undergraduate Teaching Award, and the Theodore and Venette Askashes Distinguished Scholar Award.

He is a Fellow of the American Association for the Advancement of Science (AAAS), Institute of Electrical and Electronics Engineer ETE, American Institute for Medical and Biological Engineering (AIMBE), and International Association for Pattern Recognition (IAPR); and a charter member and Board of Director member of the National Academy of Inventors (NAI).

He is also a prolific author, with more than 200 articles, books, and book chapters ore than 8,000 citations and a Googleh-index of 40.

###

The University of South Florida is a high-impact, global research university dedicated to student success. USF is a Top 25 research university among public institutions nationwide in total research expenditures, according to the National Science Foundation. Serving over 48,000 students, the USF System has an annual budget of \$1.6 billion and an annual economic impact of \$4.4 billion.
