

Dear Friend of USF,

Welcome to the "USF Government Relations Newsletter," our newest information piece produced by the Office of Government Relations for the USF System. Our goal is to keep you apprised of the progress on major focuses of advocacy, such as the New Florida Initiative addressed in this issue, along with brief updates on bills and other legislative issues affecting the USF System. While the Florida Legislature is in session, we will send bi-weekly updates, with periodic updates throughout the year.

Mark Walsh, Assistant Vice President & Director of Government Relations for the USF System, will provide updates during the legislative session and will let you know when there is a specific call-to-action. Please contact us at GovRelations@usf.edu with any questions or comments.

Thanks for all you do for USF,

Joel Momberg

*CEO of the University of South Florida Foundation
and Senior Vice President of University Advancement*

FROM MARK WALSH

Assistant Vice President & Director of Government Relations for the USF
